

Technical Theatre Fellow

Technical Theatre Fellows have multiple technical opportunities throughout the season, picked to fit their strengths and to challenge them. Intended to help students find their theatrical niches, hone their craft, discover new interests, and step out of their comfort zones. Offering a variety of experiences will give students a toolbox of skills that will not only apply well to their theatrical careers, but to their everyday lives. Paid positions are available in Lighting Design, Sound Design, Costume Design, Scenic Design, Props Design, Scenic Charge Artist, and Stage Management. Fellows will also have the opportunity to engage in volunteer positions as dramaturges, assistant directors, assistant stage managers, or associate production managers if they so choose. Each Fellow will be assigned 2-3 productions, throughout the season.
